

JGB INTERNATIONAL COMPANY (JGB Co.)

ABOUT JGB

JGB International Company (JGB), An ISO Certified Company Specialized in providing solutions and services for Oil & Gas Industry Water Treatment, HVAC and other industrial segments with key focus to satisfy customers need through on time deliveries of best quality products from internationally reputed manufacturers at cost effective prices. Headquartered in **USA** and branch offices at other GCC countries Saudi Arabia, Qatar, UAE, Oman, Iraq, Kuwait and India.

Over a period of time we have developed ourselves as one of the leading Supplier of Mechanical, Instrumentation, Electrical products in the region. Our prime business objective is to provide our customers with superior quality products

that add value to their business coupled with excellent product and customer services.

The company has the expertise and the ability to supply all industrial needs for major projects. The engineering and support staff of our division brings you a broad base of scientific and technical knowledge to draw on, coupled with years of practical experience in the related industrial products applications.

VISION

To be an internationally renowned company offering comprehensive solutions and quality products. We aim to achieve customer satisfaction through the provision of high quality services based on integrity, value creation, and superior standards.

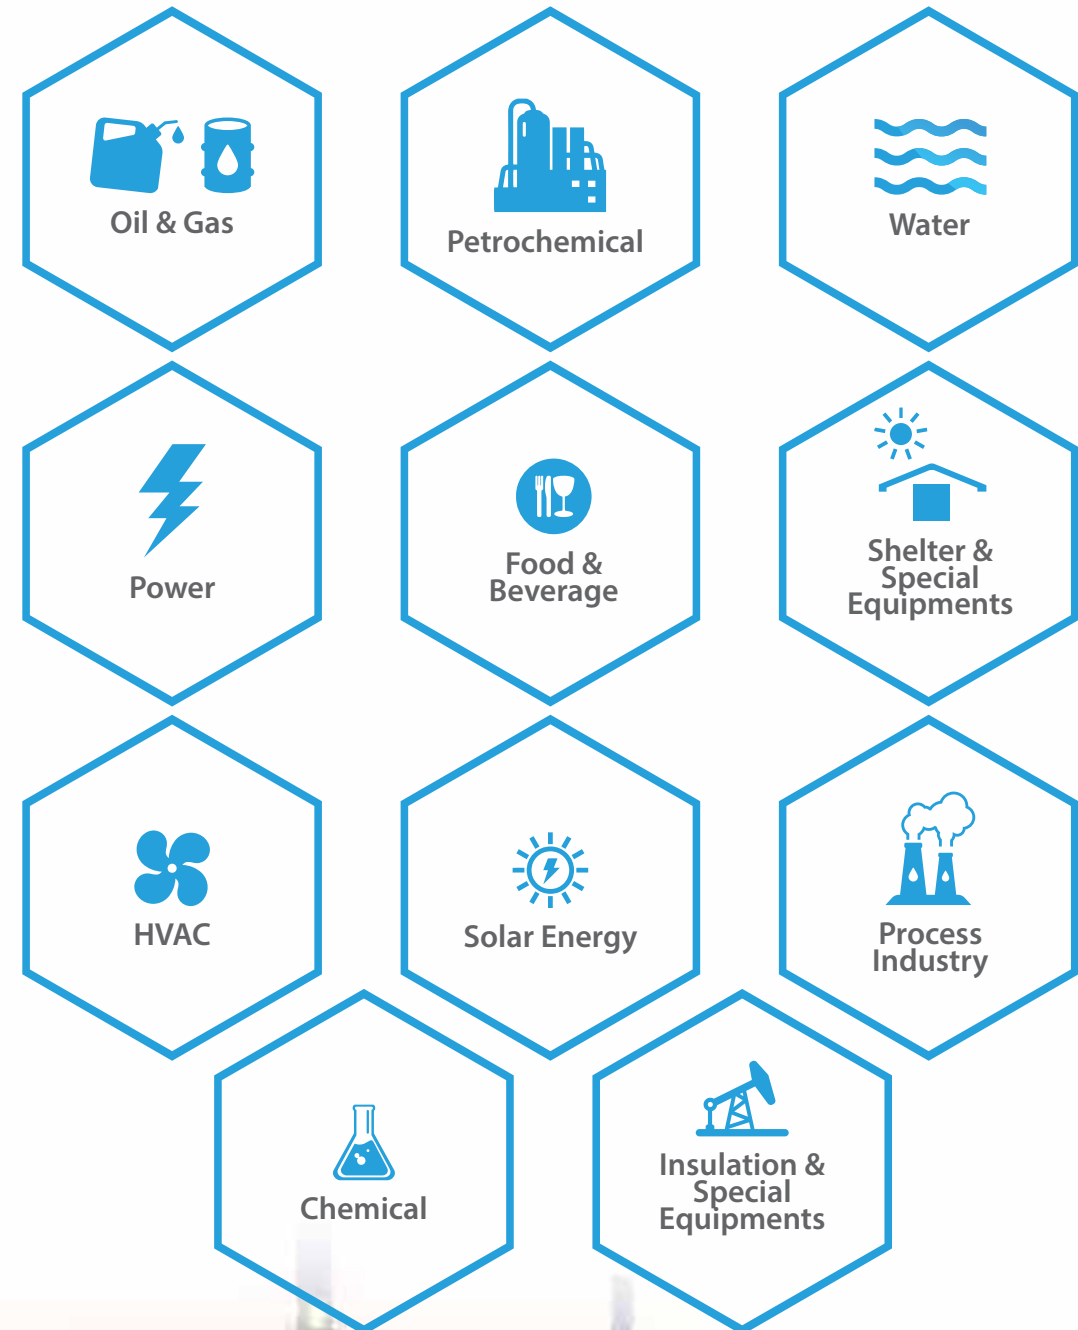

MISSION

JGB is committed to provide synergy in industrial growth and serve all customers by procuring and supplying quality product manufactured and offered by internationally reputed manufacturers.

CORPORATE VALUES

Customer Satisfaction and Loyalty. We believe in creating relationships with our customers that are built on a foundation of market knowledge, a focus on quality, and a commitment to protect and enhance their business. We are committed to ethical behavior, integrity and honesty, and being respectfully direct with all.

INDUSTRIES

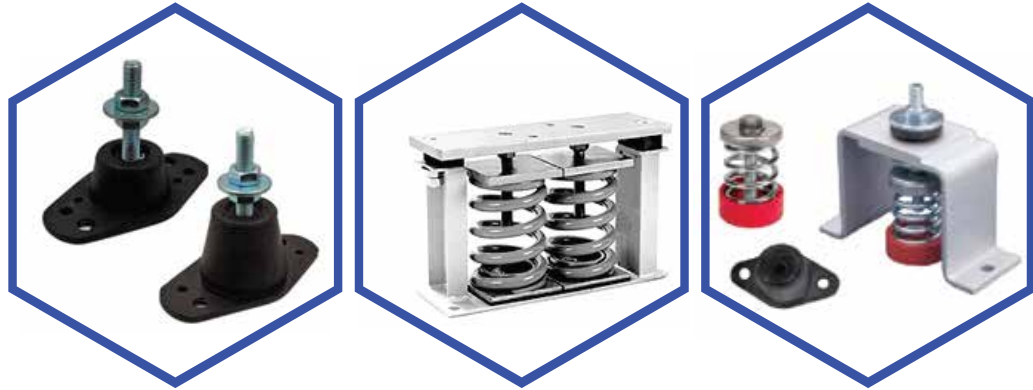

Electromechanical & HVAC

Vibration Isolators

Brand : VIMCO

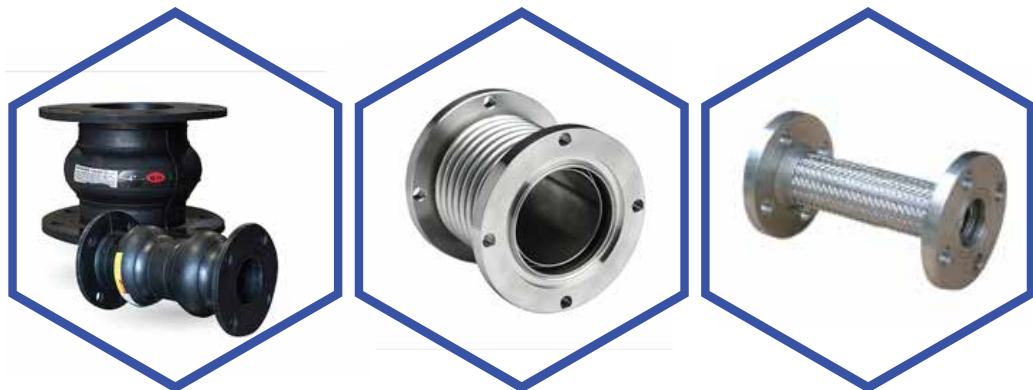

Vibration isolation is the process of isolating an object, such as a piece of equipment, from the source of vibrations. Vibration is undesirable in engineered systems and habitable spaces, and methods have been developed to prevent the transfer of vibration to such systems.

Flexible Connectors

Brand : VIMCO

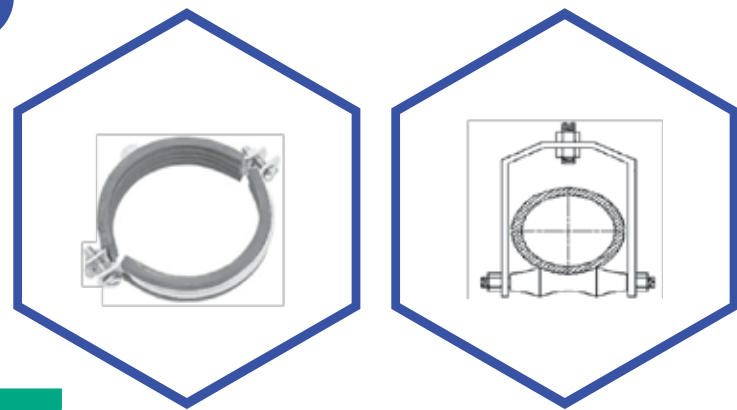

VIMCO™ vibration and noise isolation products are now installed extensively worldwide and are specified by name by consultants and engineers. Our installations are supported by our global network of qualified representatives.

Pipe Supports

Brand : VIMCO

VIMCO is a certified member of the Manufacturer's Standardization Society of the Valves and Fittings Industry (MSS) and serves on the Pipe Hangers Technical Committee which develops the ANSI/MSS SP-58 standard. The MSS SP-58 certification ensures that VIMCO meets the material criteria.

Fabric Duct System

Brand : Fabricair

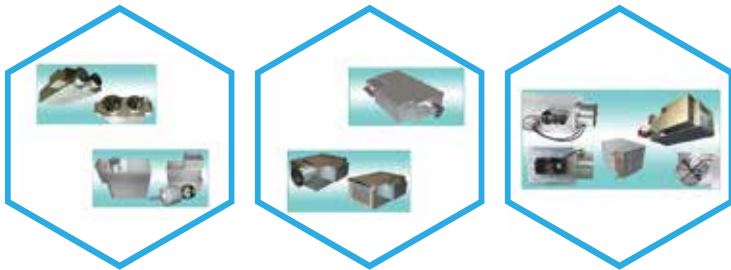

- No dust
- Launderable for food grade applications
- Eliminates unsightly sealants and joints
- Better look & feel
- Low cost
- Fast & cost effective installation

Variable Air Volume Terminals

Brand : Anemostat

ANEMOSTAT offers a complete line of air distribution and air terminal products. ANEMOSTAT has the air devices to meet every need.

Ecology Units & Chemical Filters

Brand : Pure Air Filtration

PUREAIR FILTRATION's Ecology Units remove commercial kitchen gases rather than masking the odors or spraying additional chemicals to complicate and harm the environment.

PureAir Filtration specializes in the removal of corrosive gases, toxic vapors, and odors. Systems are used to protect sensitive electronics and machinery at industrial sites, preserve precious works of art, protect people from accidental release of toxic gases, and improve the quality of air by removing odors and pollutants.

Humidifiers

Brand : driSteem

DriSteem offers a full range of systems for steam generation: GTS® (gas-to-steam) humidifiers that are the industry's best-selling gas-fired humidifier, electric steam humidifiers offering endless flexibility anywhere electricity is available, and STS® (steam-to-steam) humidifiers that create chemical-free humidification steam using boiler steam as the energy source.

Air Curtains

Brand : Williams

Williams Air Curtains are the most effective barrier available for keeping building environments free of airborne contaminants and keeping conditioned air inside where it belongs. As a crucial component of any heating or cooling system, air curtains allow for free movement of people and merchandise, while preventing the loss of conditioned air. They also prevent hot air in the summer, or cold air in the winter, from penetrating the building and disrupting the system performance and raising or lowering the standing temperature.

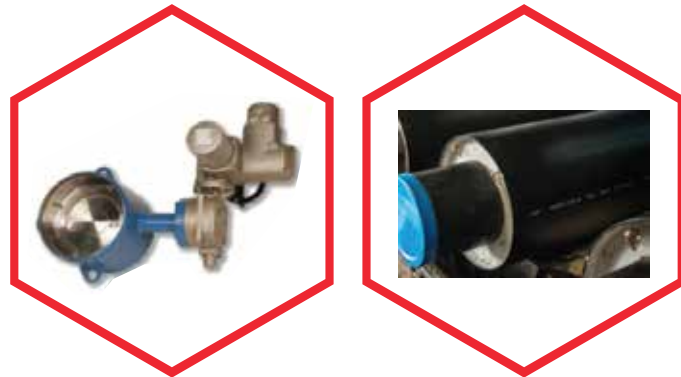

- High performing speciality curtains

District Cooling Valves & Pipes

Brand : Vexve, Power Pipe, Hogfors

We offer a complete program for the installation of pre-insulated pipe systems for district heating, district cooling and industrial applications.

Gauges

Brand : Weiss

Winters Instruments has been manufacturing quality built instrumentation for all markets that require pressure and temperature measurement.

HVAC Controls

Brand : Delta

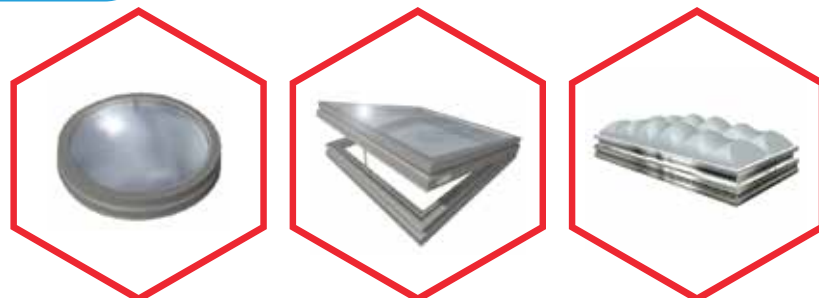

Delta Controls is one of the largest manufacturers of building automation systems. Delta Controls has offered dependable and user-friendly building control solutions to commercial, healthcare, education, leisure buildings and more.

Skylight and Roof Vents

Brand : Skylight

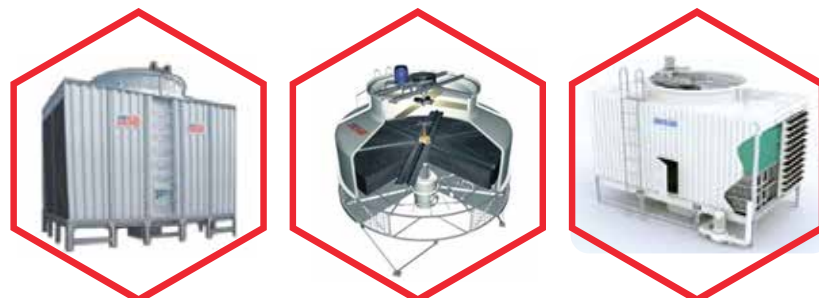

SKYCO Skylights offers a wide selection of high-performance unit skylights for residential & commercial applications. These are superior grade unit skylights.

Cooling Towers

Brand : Mesan

MESAN's focus on engineering, research and development, quality management and excellent customer service, has been recognized by such important international organizations such as ISO, which awarded the ISO-9001-2008 certificate, and CTI, which issued the CTI-STD-201 performance certification.

Electromechanical & HVAC

Soft Starters, VFD, Harmonic, Filters

Brand : Danfoss

With the remarkable fit and functionality of VLT® drives, they can be put to profitable use with applications in, for example, the Food and Beverage, Water and Wastewater, HVAC, Refrigeration, Material Handling or Textile industries

Static Frequency Converter

Brand : Thycon

Thycon is Australia's leading manufacturer of power quality and conversion solutions for the industrial, resource and commercial sectors. Thycon Static Frequency Converters (SFX) convert supply frequency to load requirement frequency. Typical applications are 50 to 60Hz conversion and 50 to 400Hz conversion for aviation, shipping and defence applications.

UPS

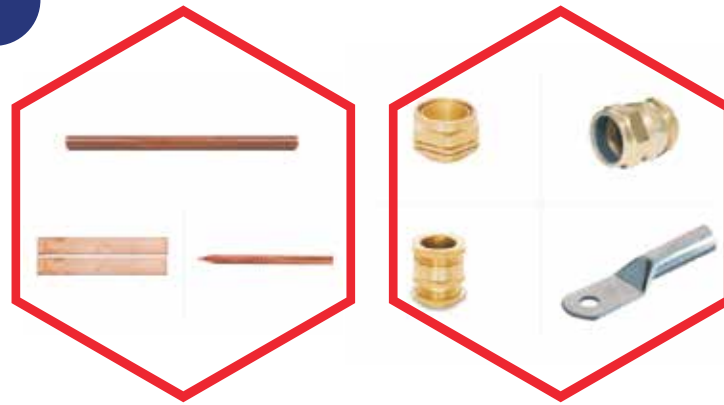

Brand : Thycon

For more than 40 years, Thycon has been designing high availability and resilient power protection concepts to help IT, operations and facility managers to easily tailor their power protection systems to meet highest availability requirements.

Cable Lugs and Cable Glands Brand : Elecref

Elecref is prominent manufacturer of cable lugs, cable glands, earthing and lightning protection system. Elecref is backed by technocrats with in-depth knowledge and years of experience in the electrical industry. Elecref's earthing and lightning protection materials continue to protect facilities world over.

Duct Heaters Brand : HEATREX

A job specification can be prepared by using the following information. Simply darken the applicable circles. Material which is part of the basic specification has already been darkened. Additional copies of this specification guide are available from your local Heatrex representative.

Oil and GAS

Blast Protection Systems Brand : FU Care

FuCare is the safety company specializing in developing safety product solutions with focus on blast protection systems. The company was founded in in 2011 and then has developed a comprehensive blast safety product range for global customers.

Explosion proof HVAC Brand : Custom Control Co

Custom Controls Company is one of the leading manufacturers providing Hazardous Location and Explosion Proof HVAC equipment for the industry. Custom Controls continues to incorporate the cutting-edge technologies manufacturing innovative products concentrated in hazardous location and industrial-level heating, air conditioning and ventilation units.

Double Block and Bleed Valves Brand : Western Valves

The Western Valve DAN-EX is an accepted Block and Bleed Valve (DBBV) as it has two independent seating slips that are mechanically expanded against the body seat by the downward movement of the tapered plug. The seating slips will seal with both high and low pressure imposed on both upstream and downstream sides of the valve. With the product now trapped in the center cavity between the two independent slips and the body bleed valve can be opened to verify 100% positive shutoff at high or low pressure.

Skids and Pressure Vessels

Brand : Metal Fab

METALFAB is an ISO9001:08 certified and ASME "U" NBR "R" Stamp accredited company for manufacturing pressure vessels. The vessels are designed in accordance with design standards like PD 5500, AD-Merkblatter, and ASME while maintaining a library of all international relevant standards and client specifications/regulations.

METALFAB

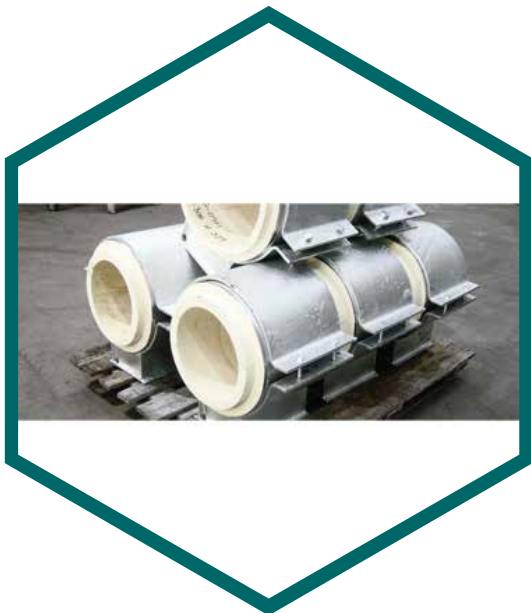

Pipe support system

Brand : QPS

Fulton is a global manufacturer of heat transfer products. Fulton Boilers are well known for their durability and reliability in the most demanding steam applications. The input ranges and sizes of Fulton's Pulse Combustion high and low pressure steam boilers make them perfect for single and modular installations for both new and retrofit projects.

QPS

Boilers and Accessories

Brand : Fulton Boilers

Fulton is a global manufacturer of heat transfer products. Fulton Boilers are well known for their durability and reliability in the most demanding steam applications. The input ranges and sizes of Fulton's Pulse Combustion high and low pressure steam boilers make them perfect for single and modular installations for both new and retrofit projects.

Fulton

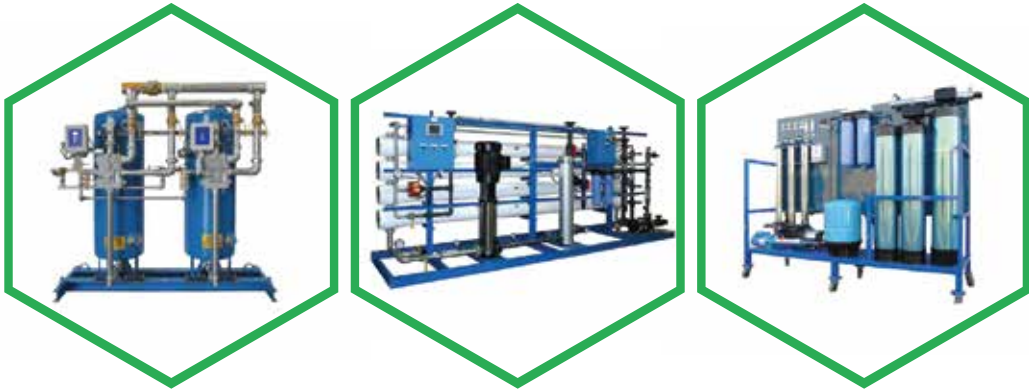

Water And Air Purification

TSE POLISHING

Brand : ION Exchange

Ion Exchange LLC brings you complete commitment in water management. Specialists in water and waste water, we use our wide range of technologies, processes and products to deliver total solutions for municipalities and all types of industries. Purifying water to ensure safe drinking water for communities. Treating water to meet the quality requirements for any industry process. Removing pollutants from waste water. Recycling and recovering water for reuse. Reducing waste and pollution, protecting the environment.

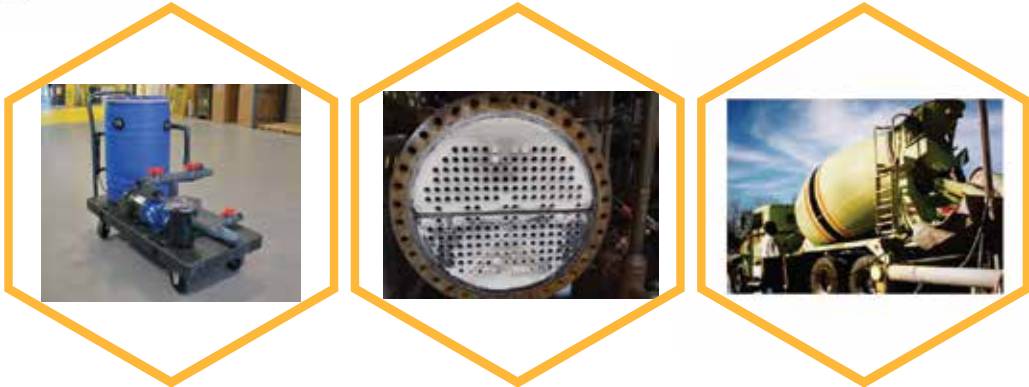

Chemical Cleaning

DEScalers and De Greasers

Brand : SUMMIT

Summit offers safe, effective industrial degreasers to help you clean and maintain your production line. Find the perfect solution for your maintenance needs. Sur-Clean® industrial degreaser and cleaner is an all-purpose cleaner that is non-flammable, non-abrasive, non-corrosive, non-toxic and biodegradable. It is a water-based synthetic detergent that will cut time and clean-up costs in a variety of institutional, commercial and general applications.

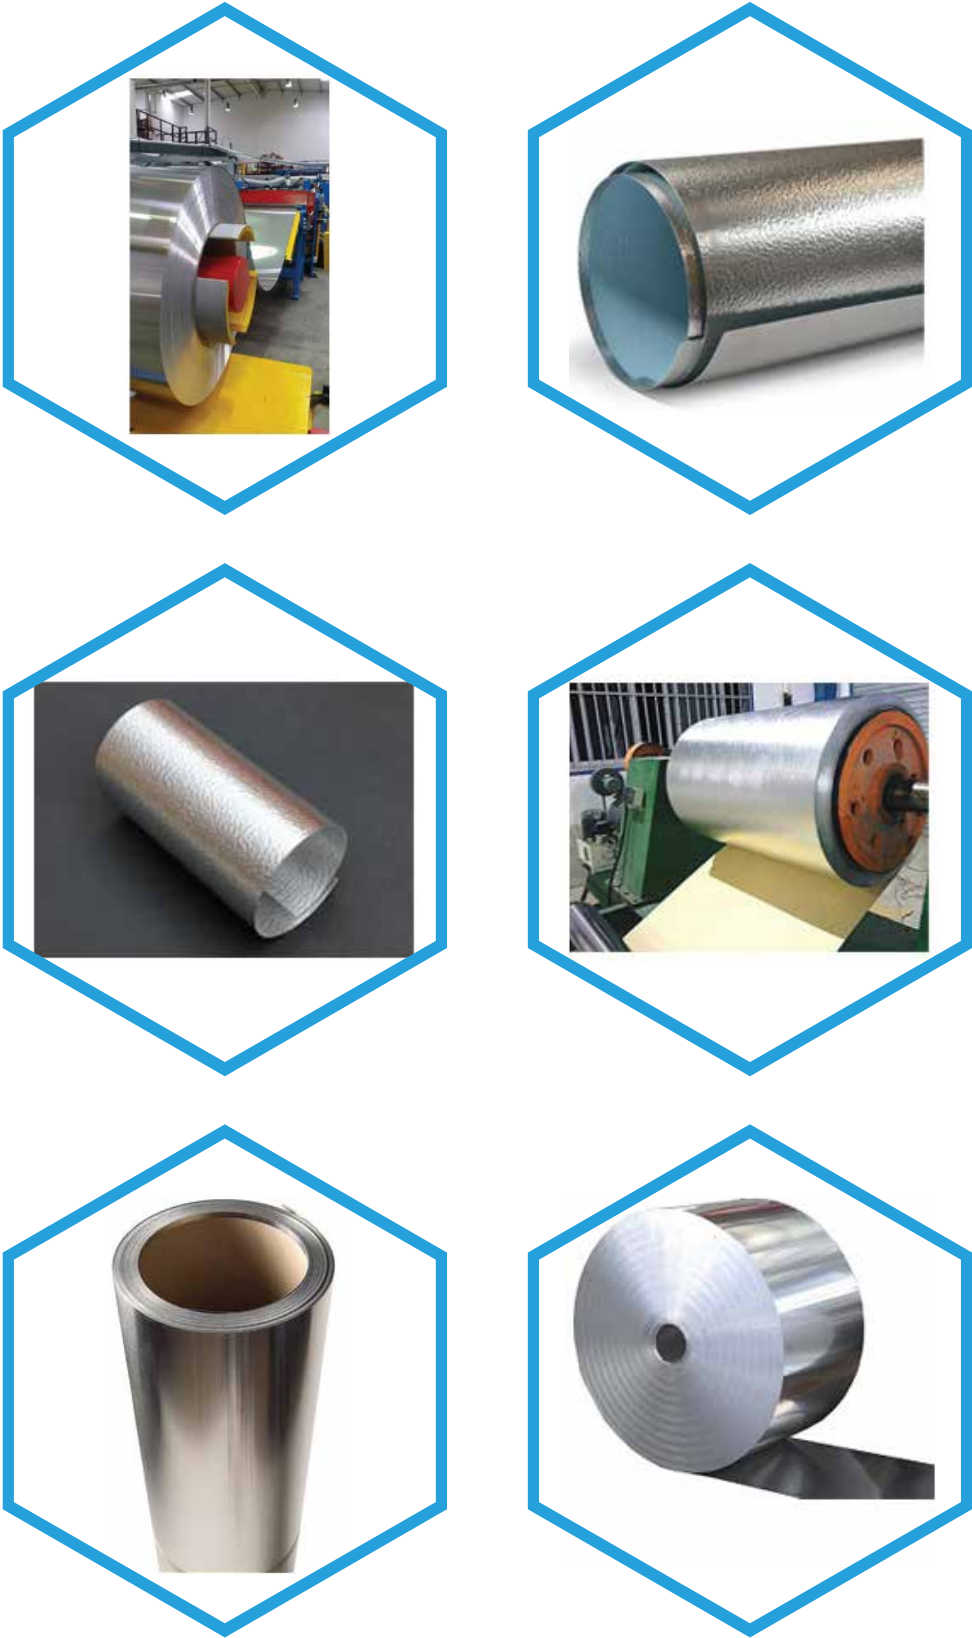

Industrial Insulation

Accessories and Jacketing

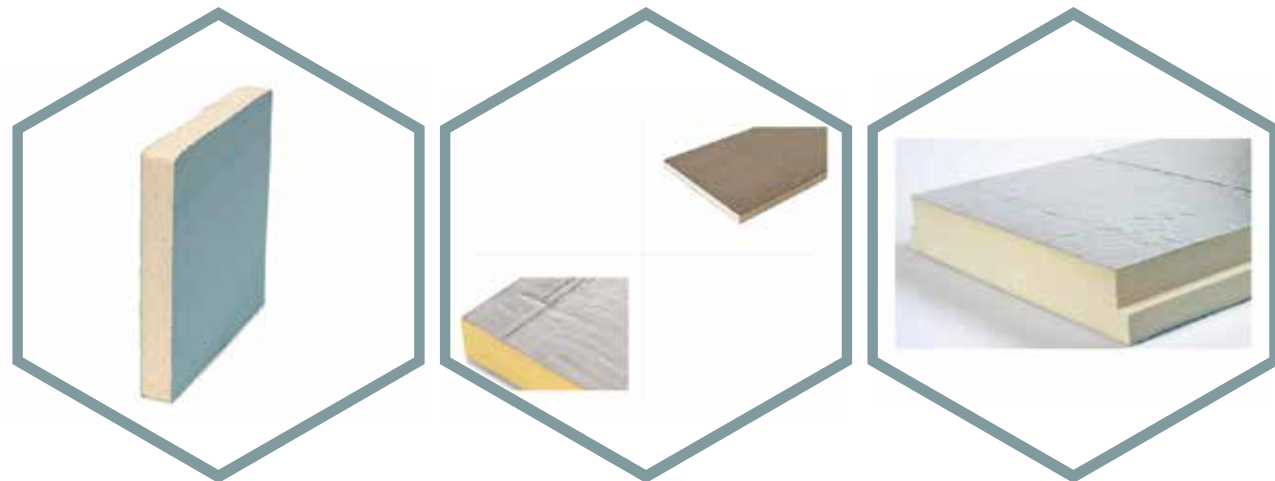

Brand : 3 I Aluminum

3i ALUMINUM with its corporate base in Bahrain is a division of JB International Group and is one of the major manufacturers and suppliers of Aluminum and Stainless steel roll jacketing for a variety of Petrochemical, Oil & Gas Insulation projects in the Middle East region.

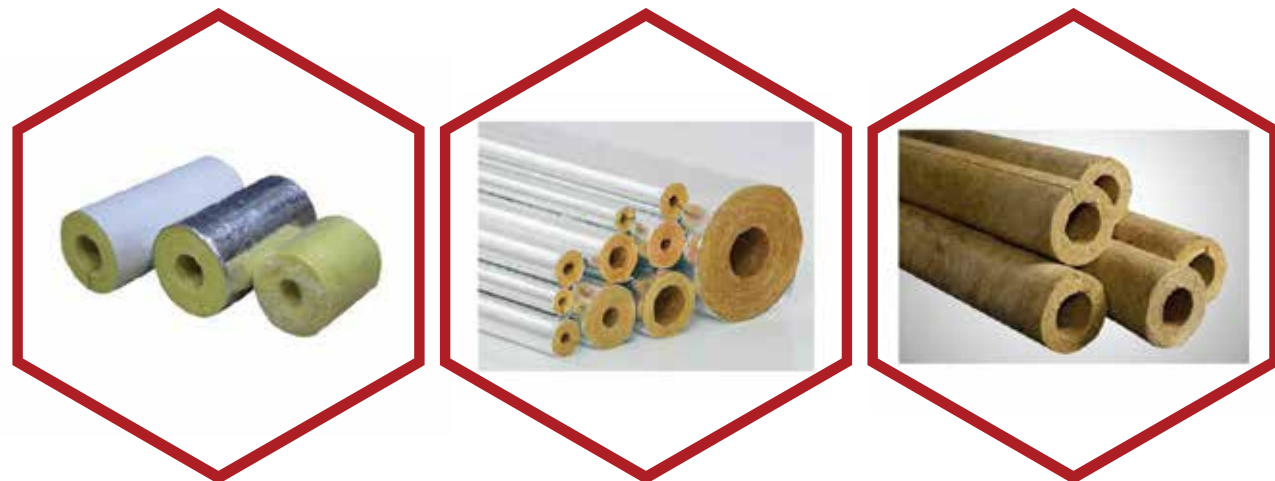

Brand : Gulf Cool Therm

 **مصنع جلف كول تيرم ذ.م.م**
GULF COOL THERM FACTORY LTD

Brand : Fujirah Rock Wool

FRF
FUJAIRAH ROCKPOOL FACTORY
Sole agents of Fumoni, Dushine Industries P.S.C. YOGYAKARTA
